GENERAL REQUIREMENTS

There are general requirements for promotion that must be satisfied as a precondition for promotion, regardless of rank in question. Promotion of individuals who are not members of Shufu Judo Yudanshakai is not allowed per our Charter from the United States Judo Federation. Shufu Yudanshakai will examine any judoka registered with the USJA, USJF, or USJI and, if passed, make recommendations to their National Organization. Testing and evaluation may be conducted by a combination of oral, demonstrative and written examinations.

Eligibility for promotion is based upon the following general requirements, not necessarily in this order:

1. Moral character, attitude, and maturity
2. Competitive ability
3. Technical proficiency
4. General experience, contributions, and time-in-grade
5. Recommendation by candidate's instructor.

The following time-in-grade and point requirements are the minimum necessary to allow a judoka to be examined for promotion to the rank of Senior Gokyu or higher. Meeting these basic requirements does not mean the candidate will be promoted. S/he must then satisfactorily demonstrate the skills and techniques described in the following pages for each rank.

1. Time in Grade

Time-in-grade is that time spent at the applicant's present rank and is not cumulative from date of any previous promotion. Time-in-grade is computed from the most recent promotion and is determined solely from

1. the number of years of annual registration or proof of good standing with USJF, USJI, USJA or other recognized judo organization and
2. participation in the judo community activities since last promotion. Note: Rokkyu to Gokyu is to be certified by their instructor but need not have been members for the entire 3 months.

2. Promotion Points

Promotion points may be counted for only one specific promotion and may not be carried over for consideration in other rank advancements. Points must be obtained in USJF, USJI, or USJA sanctioned events or established international tournaments. For promotions, an opponent may count only twice per tournament in the tabulation of promotion points for any particular rank.

Candidate Classification

In order to properly evaluate a candidate for promotion, two classifications of players are established.

1. Competitor:

A competitor shall be required to spend less time in grade than a non-competitor and will be given greater weight for his/her competitive accomplishments towards promotion consideration. There are three types of competitors - shiai, masters and kata.

1. Shiai Competitor: Greater weight will be given toward promotion consideration for their competitive shiai accomplishments.
2. Masters Competitor: A masters shiai competitor is a competitor who is 30 years of age or older. S/he may be required to spend more time in a grade than a shiai competitor. Greater weight will be given toward promotion consideration for their service accomplishments.
3. Kata Competitor: A kata competitor may be required to spend more time in a grade than a shiai competitor. Greater weight will be given toward promotion consideration for their competitive kata accomplishments.

Note: Competitors do not earn points for service.

2. Non-competitor:

A non-competitor is an active member of the judo community who participates and contributes in various areas of the sport but does not compete. Non-competitors will be examined and promoted in the same manner as competitors except that requirements shall be stricter, including longer time in grade. Note: Individuals testing for Yonkyu who have fewer than two points, or Sankyū and above who have fewer than five points, will be also classified as non-competitors.

SHUFU PROMOTION EXAMINATION PROCESSES

PROMOTIONAL REQUIREMENTS FOR COMPETITORS

Competition Record

The judoka will keep a record book and have it certified correct by each tournament director or any member of the Board of Examiners. The record must contain the following information:

1. Tournament name, date and site
2. Name and rank of competitor defeated
3. Final kata standing, average score earned and number of entries
4. Service performed (referee, coach, scorers, timers, etc.)
5. Certification of tournament official or member of the Board of Examiners

Guidelines for Acquiring and Tracking Competition Points

NOTE: Only Class E competitors need to keep track of points since the required time-in-grade varies with the number of points earned. (See Competitor Classifications: pg. 7)

Tournaments at which points can be accumulated:

1. Any established international tournament
2. Any USJF, USJA or USJI sanctioned tournament

Points can be earned as follows:

1. Shiai (regular and masters)
 - a. Sanctioned & International Tournaments:
 - i. 1.0 point: defeating a competitor of the same rank,
 - ii. 1.5 points: defeating a competitor of higher rank,
 - iii. 0.5 points: defeating a competitor of lower rank (up to a maximum of 2 ranks lower)
2. Promotional Tournaments:
 - a. A win by ippon or wazaari receives 1.0 point.
 - b. A win other than wazaari or ippon receives 0.5 point
3. Kata
 - a. Kata Promotion Points are typically earned through placement in kata competitions. The amount of the points earned is a function of the level of competition and placing earned. Please use the matrix below to determine the points earned at a particular event.

b. Kata Promotion Points Awarded According to Level of Competition and Placement.

Place/Points	International	National	Regional	Local
1 st	3.0	2.0	1.5	1.0
2 nd	2.0	1.5	1.0	0.5
3 rd	1.5	1.0	0.5	0.3
4 th	1.0	0.5	0.3	0
5 th	0.5	0.3	0	0

- c. If there are fewer than five (5) teams competing in an international, national, regional, or local kata competition, the points awarded using the matrix above will be decreased by 2/3. For example, a team placing 1st in a Regional tournament with less than 5 teams would earn 1 point ($1.5 * 2/3$).

APPENDIX 2 - PROMOTION PROCEDURES

Yudanshakai Promotions

Each member Yudanshakai is given promotional authority to a particular rank, depending upon the length of time as a Yudanshakai, and the number and rank of Yudansha. Shufu has promotion authority through godan. Promotions above godan in Shufu are required to go through the USJF National Promotion Committee. Each Yudanshakai shall establish its own procedures for examination of candidates and awarding of promotions within its USJF authorized promotion authority. The USJF has established the following guidelines for Yudanshakais in the evaluation and review of promotion applications.

Each Yudanshakai shall hold at least two promotional evaluation examinations each year. To accomplish this, each member Yudanshakai shall create a Yudanshakai Board of Examiners whose members shall be the higher-ranking members in the Yudanshakai. When a Yudanshakai's Board of Examiners consists entirely of examiners below the rank of Yodan (4th Degree Black Belt), each examiner shall vote on candidates by casting votes equal to his or her rank: e.g., a Shodan would cast 1 vote, a Sandan would cast 3 votes, etc. Otherwise, all examiners shall have an equal vote.

The Yudanshakai Board of Examiners shall review the promotion application of each member, according to specific criteria for rank being considered. Yudanshakais may adopt or modify the following USJF guidelines for promotion within each Yudanshakai's promotion authority, but such standards must be followed for promotion to rank beyond such authority.

Promotion applications that are beyond the promotion authority of the Yudanshakai shall be submitted for review by the National Promotion Committee.

APPENDIX 3 - MISCELLANEOUS
