

D. Eric Spears, VP Shufu, 2017 Spring Meeting Report

Please acknowledge the passing of John Anderson and Dr. Fitzsimons.

I assume all of you saw the video of Kayla Harrison explaining she is breaking up with judo. She clarified later that this was a function of USA Judo's internal dealings and inappropriate transactions.

I believe Judo is in trouble when our icon athletes are rejecting judo. I realize she was unhappy with USA judo while this is a meeting of USJF but I hope we take this as a wake-up call.

Shufu has taken fire for being too strict on its financial reporting, and even I have previously concluded we were doing too much but now I see how important financial clarity really is.

I ask all of you to decide what you can do to help improve judo. Whether it's volunteer to work or host events, start a club or teach or coach others. Think of our Senseis that are no longer with us and how much they did for us. Pay it forward. You can make a difference. Please don't expect others to do it for you...
