About the clinician: David McFall first took to the tatami at the Cranford Judo and Karate Center under the instruction Yonezuka-sensei. After moving to Japan in 2006, he has spent the past fifteen years training in Tokyo, primarily at the Kodokan. He developed an interest in kata, particularly Koshiki no Kata, while observing 10th-dan Daigo-sensei's study group, the Kudenkai, in the main dojo of the Kodokan. After a period of three months observing this group, he was invited to participate with and ultimately join the Kudenkai. Practicing twice a week for over ten years, he has performed the Koshiki no Kata literally hundreds of times under Daigo-sensei. In addition to practicing the Koshiki no Kata, he attended monthly lectures by Daigo-sensei focused on the theory, practice and history of the Koshiki no Kata. He is one of only four non-Japanese who has been awarded (jyukutatsu) "Mastery of the technique" grading for Koshiki no Kata. In addition to kata training, he has done commentary for the International Judo Federation for four world championships as well as the 2016 Rio Olympics and Paralympic Games.

Koshiki no Kata (*Form of the antique things*) is a Judo kata of 21 prearranged techniques. The set of forms is antique and were intended for "Kumiuchi", the grappling of armored warriors in the feudal ages. As such, the kata is to be performed with both partners imagining that they are clad in armor. Links to videos: [Koshiki no kata performed by N. ## Shufu Spotlight Pam Hinkle Blue Dragon Judo Club

Pam Hinkle is the head sensei at Blue Dragon Judo Club and tournament director for the Nutmeg Games for Judo. She was originally from Denver Colorado but has lived all over the USA. She has been an English Teacher at Middletown Public High School based in Middletown, Rhode Island for well over 20 years now. Sensei Hinkle earned her masters degree in 1986 in Philosophy from John Hopkins University. She got her undergraduate degree in Philosophy and Psychology from Connecticut College in 1981, then went on to Central Connecticut State University from 1981-1983 where she got a degree in teaching English. Pam was an English Teacher at Oxen Hill Middle School and at the Eckerd Youth Development in Maryland. She has two boys, Kevin and Ari.

"I have a hundred answers for why I keep teaching judo. One is that judo is a great way to get judo students to channel their energy and frustrations," said Hinkle.

What Hinkle enjoys talking about is the success of her students when she taught at the Eckerd Youth Challenge Program, a school in Charles County, Maryland for troubled boys from 14 to 18 years of age. "It's a six-month program for kids who have been arrested for everything from breaking and entering, drug activity and violating probation," said Hinkle, who taught English and social studies at the school. "They just need help getting back into the community and regular schools, successfully. Anything I can do to help, I love doing it." Hinkle started a juniors judo club at the Eckerd school in May 1988.

Hinkle toyed with team sports like field hockey and basketball, but began participating in judo as a 14-year-old living in Westbrook, Conn. She preferred judo's one-on-one contact and continued her participation into college. "I enjoyed some early success in tournaments. Then I became a black belt as a senior and started a judo club of beginners with four to six people," said Hinkle.

The Blue Dragon Judo Club is operated by Sensei Pam Hinkle. We are currently conducting classes at The Cage JSA 14 Alcap Ridge Cromwell, CT

# John C. Morrisson

APRIL 4, 1936 – MARCH 12, 2022

## A tribute to John Morrisson

Shufu Judo Yudanshakai is sad to announce the passing of Sensei John Morrisson on Saturday, March 12, 2022. He was predeceased by his wife, Betty Jane and his sister, Joan Shugar. He was born in PA on April 4, 1936 a son of the late Sylvester W. and Emma (Immendorf) Morrisson. He will be missed greatly by all who knew him. He is survived by his son Russell and wife Cyndee Morrisson, sister Elaine Bethel, sister-in-law Marion Rosen, 4 grandchildren and 5 great grandchildren. A graveside service was held on March 28<sup>th</sup> at 11am at the Forest Hills Memorial Park. He served his country in the Marine Reserves and enjoyed a career as a supervisor with AT&T. He enjoyed playing the bagpipes and gardening. John was active in judo in many different roles but his main love and devotion was to his family.

In Shufu Yudanshakai, we have already lost many judo greats of his generation including Kenzo Uyneo, Don Drager, Prof. Ishikawa, Tim Dalton, Ken Tamai, Dr Koikai, John Anderson, Jimmy Takemori and many others. Each of these are now watching over us to see how we will continue the judo traditions. They helped to build our judo community and set the foundation for who we are. I thought about how I could sum up and celebrate John's life. While there are so many stories that I could share with you from many years of judo together, each person reading this may have many memories and stories that you hold in your heart. Each may have known a different version or perspective of John. Each one of you he touched is part of his legacy and is a continuation of John's life.

John Morrisson started judo in the early 1950's. He was a member of several other JBBF and USJF clubs including Cranford Judo in Cranford, NJ under sensei Yoshisada Yoneska and Ishikawa Dojo in Philadelphia PA under Professor Ishikawa. He was a life member of the United States Judo Federation. He served as vice president and president of Shufu Judo Yudanshakai for 12 years and was a delegate at many national meetings. He helped to revise the USJF rank system. He was a member of the Shufu Judo Yudanshakai Board of Examiners, Chairman of the Virginia Judo Inc Promotion Board, a national referee. He was a Shichidan (7<sup>th</sup> degree black belt) in judo. He joined the Arlington Judo Club in 1998 and served as their technical advisor.

Judo is the "gentle way". John was a quiet, gentle, caring presence. He helped to lead and guide us. In judo, one of our principles is "Jita Kyoei" which means mutual welfare and benefit. We learn from and help each other to grow into the best person we can be. Judo teaches us to continually improve ourselves and to contribute to society in a positive way. John embodied these parts of judo. He was happy to give his time as a friend, a teacher, a referee, a mentor, or whatever capacity he was asked to be. He was happy to share his love of judo with others. He never sought spotlight or recognition.

There are certain people who come into your life and leave an indelible mark on you. He was one of those people, to me and to many others he touched. We celebrate his life and the gift of the time each of us got to spend with him. Time is the greatest gift anyone can give. Money cannot buy time. Our time is precious, so who we share it with and how much we share with other makes a difference. Each person has enjoyed different memories of their time with John. He left a part of himself in each one of us. We do not mourn the loss of John, rather, we thank God that such a man lived. Please take a moment and reflect on the life and joy that John has brought to each one of us. He instilled a part of himself in each of us. He leaves a legacy for each one of us. We will love him always and cherish the gift of time we were able to spend with him.

Shufu Yudanshakai will host a celebration of life to honor Sensei Morrisson life at the Beltsville Community Center on Saturday, August 13 from 1-3pm. Please RSVP to Kevin Tamai (shufuboechairman.kevin@gmail.com if you plan to attend.
